

CONTENTS

Message from the STS Chair <i>Marco Balini</i>	1
Report of the STS Secretary: Election results: STS Executive <i>Christopher McRoberts</i>	2
Report of the Norian/Rhaetian boundary Working Group. STS Business Report <i>Marco Balini</i>	3
The Norian/Rhaetian boundary interval at Pignola-Abriola section (southern Apennines, Italy) as a GSSP candidate for the Rhaetian stage: an update <i>Bertinelli, A., Casacci, M., Concheri, G., Gattolin, G., Godfrey, L., Katz, M.E., Maron, M., Mazza, M., Mietto, P., Muttoni, G., Rigo, M., Sprovieri, M., Stellin, F., and Zaffani, M.</i>	5
Stratigraphic significance of the early Rhaetian ostracods from the proposed Norian/Rhaetian GSSP at Steinbergkogel (Late Triassic, Upper Austria) <i>Max Urlichs and Leopold Krystyn</i>	19
Base of the Rhaetian and a critique of Triassic conodont-based chronostratigraphy <i>Spencer G. Lucas</i>	24
Albertiana Forum: Base of the Rhaetian and a critique of Triassic conodont-based chronostratigraphy Comment. <i>Michael J. Orchard</i> , Reply. <i>Spencer G. Lucas</i>	28
New Triassic literature <i>Geoffrey Warrington</i>	33
Publication announcement: Conodonts from the Carnian-Norian boundary (Upper Triassic) of Black Bear Ridge, northeastern British Columbia, Canada by <i>Michael J. Orchard</i> .	66
Meeting Announcements	67

Albertiana is the international journal of Triassic research. The primary aim of *Albertiana* is to promote the interdisciplinary collaboration and understanding among members of the I.U.G.S. Subcommittee on Triassic Stratigraphy. *Albertiana* serves as the primary venue for the dissemination of original research on Triassic System. *Albertiana* also serves as a newsletter for the announcement of general information and as a platform for discussion of developments in the field of Triassic stratigraphy. *Albertiana* thus encourages the publication of contributions in which information is presented relevant to current interdisciplinary Triassic research and at provides a forum for short, relevant articles including, original research articles, reports on research and works in progress, reports on conferences, news items and conference announcements, *Albertiana* Forum: letters, comment and reply, and literature reviews. *Albertiana* is published biannually by SUNY Cortland's Paleontological Laboratory for the Subcommittee on Triassic Stratigraphy. *Albertiana* is available as PDF at <http://paleo.cortland.edu/Albertiana/>
