Plate 1.

Figures 1–11. *Cassianella cordillerana* McRoberts n.sp.
   1, 2. Holotype, UAM No. 2591, exterior and interior of left valve.
       Magnification, ×2.
   3, 4. Paratype, UAM No. 2592, exterior and interior of left valve.
       Magnification, ×2.
   5, 6. Paratype, UAM No. 2593, exterior and interior of left valve.
       Magnification, ×2.
   7, 8. Paratype, UAM No. 2594, exterior and interior of left valve.
       Magnification, ×2.
   12, 13. UAM No. 2598, exterior and posterior side views of left valve.
       Magnification, ×2.
   14, 15. UAM No. 2599, interior and exterior of left valve. Magnification, ×2.
   16. UAM No. 2600, left-valve exterior. Magnification, ×2.
   17, 18. UAM No. 2601, posterior and interior of left valve. Magnification, ×2.
   19. UAM No. 2602, right-valve exterior. Magnification, ×3.
20, 21. *Maoritrigonia* sp.
   20. UAM No. 2603, right valve or an articulated valve pair. Magnification, ×3.
22. *Minetrigonia* cf. *M. suttensis* (Clapp & Shimer). UAM No. 2605,
    right-valve exterior. Magnification, ×2.
       Magnification, ×2.
Plate 1. Late Triassic (Norian) bivalves from locality 1 (fig. 2), except for *Macertrigonia* sp. (figs. 20, 21) from locality 2.
Plate 2.

1. 2. UAM No. 2607, exterior and interior of right valve. Magnification, ×4.
3. UAM No. 2608, exterior of left valve. Magnification, ×4.
4–6. UAM No. 2609, exterior and interior of left valve. Magnification, ×4 (figs. 4, 5), ×6 (fig. 6).
7, 8. *Astarte* sp.
7. UAM No. 2610, left-valve exterior. Magnification, ×4.
8. UAM No. 2611, left-valve exterior. Magnification, ×4.
9, 10. UAM No. 2612, exterior and interior of left valve. Magnification, ×2.
11, 12. UAM No. 2613, exterior and interior of right valve. Magnification, ×2.
13, 14. UAM No. 2614, exterior and interior of left valve. Magnification, ×2.
16–19. *Neritaria nuetzeli* n.sp.
16, 17. Holotype, UAM No. 2616, apertural and abapertural views. Magnification, ×8.
18, 19. Paratype, UAM No. 2617, apertural and abapertural views. Magnification, ×8.
Plate 2. Late Triassic (Norian) bivalves and gastropods from locality 1 (Fig. 21).
Plate 3.

Figures 1, 2. *Andangularia wilsoni* Blodgett n.sp. Holotype, UAM No. 2620, abapertural and oblique abapertural views. Magnification, ×7.

3–5. UAM No. 2621, abapertural, oblique abapertural, and apertural views. Magnification, ×7.

7. UAM No. 2623, apertural view. Magnification, ×7.

Plate 3. Late Triassic (Norian) gastropods from locality 1 (fig. 2).
